Foot Care 101

In October, we celebrate International Podiatry Day. Your feet are amazing structures! They consist of 52 bones-- nearly a quarter of all the bones in your body, 60 joints, and over 200 muscles, ligaments, and tendons. Most people walk 2.5 to 5 miles daily and over 100,000 miles in a lifetime. Often, however, feet are overlooked when it comes to care.

2. For the topping, combine flour, sugar, and walnuts; cut into butter until crumbly. Sprinkle over batter.
